

## TWO OFFICERS ARE NAMED BY COUNTY BOARD

John W. Lucabaugh, Berwick township, was elected first vice president of the county board of directors Wednesday evening at a meeting in the office of the county superintendent of schools in the court house. Rowe M. Martin, Biglerville, was named second vice president. Both men officially began their duties as members of the board at Wednesday's session. The two officers were the only ones to be filled. The president is elected in the fall and the treasurer is named in the spring.

The county board was asked by the state association of county superintendents to consider a number of plans for future organization of the school systems of the various counties and to recommend the plan they believe would provide the best set-up for the schools. The board deferred action for another month.

### Suggest Three Plans

Three plans were suggested by the state. One would provide for community units throughout the state. It was explained that this would mean each school unit of given community of large enough size would have its own superintendent and be independent from all other units. In effect, it was pointed out, such a proposal would make the present joint school organizations in the county into merged organizations, each independent from the other and would do away with supervision by the county superintendent. A second plan, known as a modified county unit, would place all fourth class districts under a county superintendent as they are now.

The third plan, known as a county unit would place all schools in a given county under supervision of the county superintendent and would do away with all school boards in a county with the exception of one—a county school board with from seven to nine members.

Members of the board noted that the county plan would permit hiring of county superintendents of music, art and the like, who would be paid from state funds, rather than by local taxpayers. They also noted that such a plan would permit maintaining supervising principals in the various school administrative centers.

## PICNIC SUNDAY AT CALEDONIA FOR TOWN FOLK

The Gettysburg Recreation Association today announced plans to hold a picnic Sunday afternoon, starting at 2 o'clock, at Caledonia with all residents of the town invited to take part in the affair.

Those planning to go who do not have transportation are to meet at the Meade school at 2 o'clock Sunday afternoon and transportation will be provided. Those who wish to drive to Caledonia in their own cars should be there by 5:30 to take part in the meal.

All planning to attend the picnic are asked to sign for the outing prior to Saturday noon. They may sign at the canteen program being held this evening, or at Britcher and Bender's drug store up to noon Saturday or by calling the recreation office, 711-W, prior to noon Saturday.

Include Vesper Service  
In case of inclement weather the program will be postponed one week. Arrangements for the food at the picnic and for a snack following a camp fire program later Sunday evening are to be made by those participating. Each person will be expected to contribute 25 cents towards purchase of ice cream, soft drinks, paper plates and the like, and each family will be asked to bring one item of food sufficient to feed 12 people. The food will then be served to all cafeteria style.

Swimming will be on the program up to 5 o'clock. The meal will be at 5:30 o'clock and softball and other games will be held starting at 6:30 o'clock. At the request of the youngsters attending a meeting Wednesday night, a vesper service in the form of a hymn sing will be held at 8 o'clock, with the recreation choir singing several numbers and joining the group in others. A camp fire will conclude the day's activities.

## Bruce MacLay Goes To E. Berlin Bank

Bruce MacLay, cashier of the First National bank, Fairfield, for the last three years, has resigned that position to accept a similar position at the Peoples' State bank, East Berlin.

He will assume his new duties on August 1.

No successor has been named as yet for Mr. MacLay at the Fairfield bank.

## MONDAY IS LAST DAY TO INVITE FRESH AIR KIDS

Residents of Adams county who would like to be host to a New York city youngster for two weeks under the Tribune Fresh Air fund program have only until Monday to notify members of the local Friendly Town committee, Mrs. J. Walter Coleman, its chairman, announced today.

The Friendly Town committee is the local committee which makes arrangements for local people to have the youngsters as guests during the period.

Those wishing to have a youngster visit them can specify, if they wish, the age, sex and religion of the underprivileged child who will be their guest.

If possible, the committee would like to know of all persons wishing to be hosts by Saturday, in order to facilitate the effort to fill the specifications made by the prospective hosts.

The only cost to the hosts is the cost of feeding the youngster during the two week period. Transportation to and from New York and medical bills, if any are incurred, are paid by the Tribune fund.

## S. C. BOSSERMAN EXPIRES AT 85

S. Clayton Bosserman, 85, Arendtsville, died at the Warner hospital Wednesday afternoon at 4:10 o'clock following an illness of five months. He had been a patient at the hospital for 17 days.

Mr. Bosserman was born and always resided in Adams county, a son of the late Samuel and Sarah (Bushey) Bosserman. He was a retired farmer and a life-long member of Trinity Lutheran church, Arendtsville.

Surviving are his widow, the former Mamie E. Hoffman; four children, Miss Verna Bosserman, Philadelphia; Mrs. Paul Hartman, Philadelphia; and Donald A. Bosserman, all of Arendtsville, and five grandchildren.

Funeral services from the late home Saturday afternoon at 2 o'clock conducted by the Rev. George H. Berkheimer. Interment in Greenmount cemetery, Arendtsville. Friends may call at the late home Friday evening from 7 to 9 o'clock.

## MRS. E. L. STOCK EXPIRES TODAY

Mrs. Emma L. Stock, 86, widow of the late William H. Stock, Lincolnway West, New Oxford, died at the Warner hospital at 11 o'clock this morning of infirmities. She had been a patient at the hospital since April 21.

Mrs. Stock was born in Adams county. Her husband died 11 years ago. She is survived by a son-in-law, C. A. Bixler, with whom she had made her home, and several nephews and nieces.

Private funeral services Saturday afternoon at 2 o'clock at the Bender funeral home, Rev. Dr. Dwight F. Putman officiating, and interment in the New Oxford cemetery.

## Named Member Of Recreation Board

Attorney Richard A. Brown has been appointed a member of the Gettysburg Recreation Board to succeed the Rev. Dr. Dwight F. Putman, the local association announced today.

Doctor Putman submitted his resignation from the board some time ago due to his leaving the community to become president of the Central Pennsylvania Synod of the United Lutheran Church in America, Inc.

Attorney Brown has previously been active in recreation association affairs.

RESIGNS POSITION  
Miss Christine Cunningham, secretary of the Adams County Child Welfare Services for the past year, has submitted her resignation, effective August 15, to the Adams county commissioners. The resignation was accepted Wednesday afternoon. No successor has been named as yet to the post.

## FARMERS ARE GUARANTEED \$2.18 WHEAT

Adams county farmers are assured of at least \$2.18 for every bushel of good wheat they produce.

That is the price guarantee announced today by the Pennsylvania Production and Marketing committee, and is based on 90 per cent of parity as provided by the Agriculture Adjustment Act of 1948.

The market price here today is \$2.13.

The market price guarantee is given in the form of a loan to the farmers on their wheat crop. The farmers place their wheat under government loan by signing a loan agreement at the Agricultural Conservation committee office here. The wheat is offered as collateral for the loan and may be stored either in approved warehouses and elevators in the county, or in terminal elevators in Philadelphia and Baltimore, or in private barns if approved by the county loan representative.

If the market improves before maturity of the loan April 30, 1949, the farmer may sell for the higher price and repay his loan. If not, he simply fails to redeem the loan and thus surrenders the wheat to the Commodity Credit corporation.

## GAS COMPANY TO HOLD PICNIC

Employees of the Gettysburg Gas corporation and their families will hold a picnic Saturday afternoon at Arendtsberger park on Conewago creek, near East Berlin.

The picnic will be attended by transmission and distribution department employees, as well as by business office and shop personnel, from Gettysburg, East Berlin, Greencastle, Mercersburg and New Oxford.

C. William Zhea is general chairman of the picnic committee. Eugene C. Williams, manager of the local company, is arranging a program which will include dancing, a baseball game, races, horseshoe pitching, amusements and a special tribute to retired employees who attend.

The outing is the second of 11 picnics planned by employees throughout the summer in the five-state area supplied by the Pittsburgh group of gas companies in the Columbia Gas System, Inc.

## INJURIES FATAL TO L. KEILHOLTZ

Injuries sustained several months ago when he fell from a ladder while repairing a barn window, resulted fatally Tuesday at Sibley hospital, Washington, for Luther Harry Keilholtz, 69, well-known farmer of Emmitsburg.

He was a son of the late John D. and Annie Bell Keilholtz and was a member of Graceham Moravian church. Mrs. Keilholtz, the former Mae Fisher, died 18 years ago.

Mr. Keilholtz was a director of the Thurmont Bank, and for a time was a member of the Republican Central Committee for Emmitsburg. At one time he aspired to the Board of County Commissioners but was defeated.

Surviving are four children. Carroll C., at home; George D., Akron, Ohio; Harry P., Harrisburg; Mrs. Ruth M. Kolb, Baltimore. The following brothers and sisters also survive: E. F. Keilholtz, Rocky Ridge; Benjamin Keilholtz, Middletown; Murray Keilholtz, Augusta, Ga.; Morris Maude Shook, Philadelphia; Mrs. Edith Havener, Mrs. Bertha Dorsey, Emmitsburg; Mrs. Carrie Diller, Detour.

Private funeral services Saturday afternoon at 2 o'clock at the Bender funeral home, Rev. Dr. Dwight F. Putman officiating, and interment in the New Oxford cemetery.

## Irving Alumnae Reunion August 21

Irving college alumnae from Central Pennsylvania will attend the annual reunion luncheon Saturday afternoon, August 21, at 1 o'clock at Allenberry, near Boiling Springs. Mrs. S. Harper Myers, of Mechanicsburg, alumnae president, will preside at the meeting at which officers will be elected. Mrs. C. Guiles Flower, of Carlisle, is chairman of the nominating committee.

Graduates and former students at the college, located in Mechanicsburg for more than 70 years, will attend the reunion. Miss Christine Fleisher, Camp Hill, is receiving reservations for the luncheon.

A number of alumnae will have parts on the program following the luncheon.

## Close Two Alleys During Surfacing

Borough Engineer LeRoy H. Winebrenner announced today that alleys between East Lincoln avenue and East Broadway and East Lincoln and Barlow street have been closed for surfacing operations.

Work was begun this morning by borough workmen and the alleys must remain closed to traffic until they are completed next Tuesday or Wednesday, Mr. Winebrenner said.

A two-inch course of crushed stone is being placed and two applications of tar will be added, he said.

The alleys are on the town street and alley improvement list for the summer approved by council this week.

## FINED FOR SPEEDING

## BULLETINS

Rhodes, July 8 (AP)—Count Folke Bernadotte announced today that the Jews had agreed to an extension of the Palestine truce but the Arabs rejected it.

Berlin, July 8 (AP)—The Russians' economic strangulation of western Berlin today forced drastic new cuts in the use of electricity and gas.

Unemployment grew among the 2,000,000 Germans in the blockaded American, British and French sectors of the city. The western allies were working out emergency employment schemes to keep idle industrial workers off the streets. An unemployment assistance plan giving workers between 50 and 60 per cent of their normal wages was introduced.

Washington, July 8 (AP)—A government move to end the strike of the steel industry's coal miners by court order seemed likely today. The strike is in its third day.

## Littlestown FIREMEN HOLD JULY MEETING, HEAR REPORTS

Thirty-eight members were present for the July meeting of the Alpha Fire company, Tuesday evening. President Wayne Arnold was in charge and Paul E. Altoff served as secretary in the absence of the secretary, Harry W. Badders.

Bernard Selby, chairman of the carnival book committee announced that a prize of \$5 will be given to the fireman selling the most carnival books and a prize of \$2.50 to the next highest.

President Arnold read a letter from the borough secretary, Roger J. Keefer, agent the requested increase in the salary of the janitor. Mr. Arnold reported on the June borough council meeting which he attended. "The council refused the increase because they feel that the fire company had set the amount and expected the council to pay," he said.

Richard Harlaub, Richard Myers and E. Foreman Stavelly were placed in nomination for membership, while Gene Renner, Luther Myers, John Morehead and Robert Thomas were elected to membership.

Fire Chief Jay D. Bashore reported that there were no fire calls during the month of June. The company voted to purchase a pocket seal for the secretary. Announcement was made of the quarterly meeting of the Adams County Firemen's association.

## Chiropractor Has Opened Office Here

Dr. Philip T. Beamer, who graduated recently from the Palmer school of Chiropractic in Davenport, Iowa, as a member of a class of 226, has announced the opening of his office at 114 Buford avenue.

Dr. Beamer is a veteran of 38 months' service in World War II, 12 months of which were spent overseas. He is the son of Mrs. Leoma Beamer and the late George M. Beamer, of Gettysburg.

## Woman Driver Faces New Count; Gets Bail

Beatrice Heagy, Middletown R. 1, Pa., who was charged by state police of the Gettysburg sub-station on May 16 with leaving the scene of an accident and with driving without an operator's license, today faced a new charge.

Records of the State Department of Revenue showed, according to Justice of the Peace John H. Bashore, before whom she was arraigned, that the reason the defendant had no operator license was because it had been suspended.

She was charged with operating a motor vehicle while her operator's license was suspended, pleaded guilty and was released on her own recognizance for sentence court. She had previously been held for court after pleading guilty to leaving the scene of an accident on Route 15 in Freedom township on May 16, and furnished \$300 bail.

## MILK PRICE TO GO UP 2 CENTS HERE JULY 16

Adams countians will start paying two cents more per quart for milk starting July 16.

That ruling was handed down by the State Milk Control commission at a meeting in Harrisburg Wednesday afternoon. Actually the ruling made Adams, Franklin and Fulton counties part of the Harrisburg Milk Marketing area, which has a 20-cent-a-quart price for Grade B milk. It also permits the milk dealers to pay \$5.50 a hundredweight (48½ quarts) to the producers from whom they buy milk.

Milk dealers in Adams, Franklin and Fulton counties asked the state Milk commission to move them out of the statewide milk marketing area to which the local counties have been allocated. The dealers feared that they would be unable to obtain milk if they continued in the statewide area because the Harrisburg area is able to pay more for milk than the state-wide area.

Supply Was Problem  
Previously, as part of Area 11, the state-wide area, the dealers were able to pay only \$5 a hundredweight and farmers were selling their milk to the dealers able to give the higher price. Others who continued to sell to the county dealers threatened to change over to the higher paying city dealers if the local milk concerns could not provide a better price.

The Grade B quart is based on four per cent butterfat content. The state permits the dealers to sell milk containing up to 4.0 butterfat for the 20-cent price. Grade A milk contains a higher butterfat content and brings a correspondingly higher price. Recently one of the local dealers had to pay a \$50 fine for permitting the milk sold by his company to be above the permitted maximum of butterfat for Grade B milk.

Additionally, the commission also continued in effect a provision permitting dealers to collect a five-cent deposit on store bottles.

## Here And There News Collected At Random

The current issue of Collier's says:

"The greatest living miniature writer is believed to be James W. Zaharee who, when not on tour demonstrating his skill, resides on a ranch in North Dakota. One of his incredible feats, accomplished not long ago with a fine pen and a microscope, was the printing of the some 270 words (1,175 letters) from Lincoln's Gettysburg Address on a human hair less than three inches in length."

Many local merchants have come to a full realization that Gettysburg will lose its popularity as a tourist attraction unless something is done to keep this historic name constantly before the public.

The long Fourth of July weekend was ample proof of the futility of not making an effort to bring more visitors here. The his-

## Swimming Pool Is Opened Today

The new swimming pool at the Gettysburg Country club, Lincoln Highway west, was officially opened at 1:30 o'clock this afternoon.

Under construction for some time workmen completed the finishing touches Wednesday and started filling the pool with 200,000 gallons of water. It is equipped with the most modern filters and water is changed, automatically, every seven hours. It also conforms with every state regulation.

There are high and low diving boards.

The new pool cost approximately \$20,000.

The local contingent, including County Agent M. T. Hartman, met the Snyder countians near York Springs at 10 o'clock this morning and from there visited the Sun-Set orchards operated by the C. H. Musselman company. Sun-Set orchards contain 70 acres of cherries planted in 1936 and 1937 and 20 acres of peaches planted in 1936. During the morning the visitors were shown research spray plots operated by Dr. Fred H. Lewis, research plant pathologist of State College, who is located at the South Mountain Laboratories at Arendtsville.

Following lunch at Sheffer's park the group visited the Bucher brothers orchard near Cashtown in which there are 50 acres of apple trees and 20 acres of peach and apple interplanted.

This afternoon the group is also scheduled to view the Robert C. Lott orchards near Aspers which contain 18 acres of peach, 18 acres of old apple trees, and 18 acres of young apple trees with cherry interplanted. The final visit this afternoon will be to the Edgewood orchard owned by M. E. Knoose where over 400 acres are planted with apple and peach trees.

Plan Bubble Gum, Freckle Contests On Friday Evening

The Gettysburg Recreation association Friday evening will seek to crown the town's champion bubble gum blower and the borough's freckle titlist.

At 7:30 o'clock Friday evening, on the high school playground, the bubble gum puffers will compete for the title of champion and the freckle-faced youngsters will be judged to determine who has the finest crop of the facial adornment.

The bubble gummers will be stuck into two classifications, small puffers between the ages of nine down to zero and big blowers between the ages of 10 and 15. Both boys and girls can enter the lung and gum demonstration.

As for the freckle-face title, anyone can enter, as the only requirement to win will be more freckles than anyone else and size of face does not count.

## PLANE CRASHES DUSTING BEANS; PILOT ESCAPES WITH INJURIES

A 22-year-old navy veteran of World War II, John Bodzo, of Wilkes-Barre, Pa., was injured at 7 o'clock this morning when a plane with which he was dusting a field of beans on the Lloyd Rupp farm two miles north of York Springs, crashed.

Dr. William E. Flickinger, York Springs physician, who attended him, said he suffered only minor injuries, which included a cut over the right eye, a fractured thumb on his left hand and cuts on chin, neck and knees.

Hit Tree Limb  
Bodzo was attended at the scene of the accident, taken to Dr. Flickinger's office, and later brought to the Warner hospital where he was admitted as a patient.

The flir was employed by Cris D. Stoltz, Coatesville, Pa., and was dusting fields for the Hanover Canning company, he said. He had completed all but one small field which had a tree in the center. Flying the plane between 80 and 85 miles an hour at from three to five feet from the ground, Bodzo struck a limb of the tree.

One limb must have stuck out farther than the others, or else a sudden gust of air caught the plane," Bodzo said at the hospital here, in attempting to account for the accident. "I tried to recover, but I was too low," he added.

Bodzo was helped from the plane, a Cub Duster, one wing of which was damaged, by Roger Smith, field man for the canning company. He was able to walk, although dazed, he said.

Bodzo said he flew during the war as a radio technician, but did not learn to operate a plane until after the war. He holds commercial and instructor ratings, he said.

## MOVE CANTEN TO BANK ROOMS

The rooms in the basement of the First National bank, formerly housing Green's record shop, have been secured for the canteen programs of the Gettysburg Recreation Association.

Plans for activities in the new location were outlined Wednesday evening at a meeting of the youth committee which under sponsorship of the local recreation association has charge of the programs for the canteen.

The record shop is moving to the former location of the Stag Tavern on Chambersburg street and the youth center will open in the near future as soon as the record shop can complete its removal and the rooms can be put in shape for the center's activities.

Organized under the title of Gettysburg Associated Youth, the young people's committee plans to use the letters of its name, GAY, as title for various activities. The center will be known as the GAY center and the local recreation choir will be known as the GAY choir.

GAY will have charge of operating the center in regards to program under supervision of the recreation association which will determine policy, provide chaperons and pay the rent on the rooms.

## TELEVISION MAY BRING CHANGES AT CONVENTIONS

Washington, July 7 (P)—Television should teach the politicians a lesson but it will take them time to learn it. That's why the Democratic convention in Philadelphia next week will be pretty much like the Republican convention there two weeks ago. There'll be the same long speeches, the same hoopla demonstrations intended to show the great joy of the delegates, or something.

And the endless hours will drag by, hours that could be packed with action to get the convention over and done with.

**New Problem Now**  
Television gives the politicians a problem they never had before. Until television came, whatever they did was seen only by a few thousand of themselves, a sort of in-the-family affair.

Now the whole nation will be looking at their every word and gesture on an ice-cold television screen that makes the most rosy-cheeked politician look gray.

Here's an example of what's meant: When a bullthorated orator shouts for 15 or 30 minutes—rolling his eyes, waving his arms, rocking and weaving and brushing back the hair that's fallen in his eyes—he may affect the delegates because he's near them, in the flesh.

But that same speaker—on the gray glass of television, yelling at a farmer 2,000 miles away—may seem like a ghostly windbag without sense or dignity.

The Republican convention started on Monday and ended on Friday. It could have been ended in two days or so, instead of five.

**Nation Watches Now**  
The Democratic convention will start on Monday—July 12—and probably end up on Friday. It, too, could be wrapped up in a couple of days. For example:

Instead of starting at 9 a. m., the Republican convention got under way around noon.

After a couple of hours of speeches and business the first three days, it recessed until 9 p. m. for more speeches, instead of going right on.

In the past, delegates have gone to conventions reconciled to sweating it out in a jam-packed hall four or five days.

This was all right for them, since they were the ones enduring it and they knew they were trapped when they started.

And nobody except themselves, and their friends and relatives in the galleries, saw what was happening or took part in it.

Soon the whole nation can sit in its living room and watch the performance on a television screen, passing judgment.

## HOLD ACCIDENT WAS AVOIDABLE

Sellingsgrove, Pa., July 7 (P) — A coroner's jury returned a verdict that a collision of two automobiles near here June 20 causing two deaths was "avoidable."

The jury reported its finding after hearing testimony at an inquest conducted last night by Coroner Reuben Shaffer, of Snyder county. The victims of the collision were Janet Neff, 16, of York, and Mrs. A. L. Menges, 78, of Menges Mills.

State Policeman Robert G. Gorman testified the Neff girl was a passenger in the automobile driven by Thomas A. Neff, 16, of York, while Mrs. Menges was riding in a car operated by Robert Menges, 42, of

the Fourth of July on their annual reunion-outing to Fuller Lake.

Mrs. Charles Eicholtz entertained the local garden club at her home on Tuesday evening. The speaker was George W. Baker, Abbottstown.

Mrs. LeRoy Rife entertained the Ladies' Aid society of the First Lutheran church during the week at her home.

## Vandenberg Will Get Freedom Award

New York, July 7 (P)—Sen. Arthur H. Vandenberg (R-Mich.), chairman of the Senate foreign relations committee, has been selected to receive the 1948 Freedom Award.

Freedom House, donor of the award, announced yesterday Vandenberg would be honored for leading "the united American people in the service of a free world."

Presentation will be made at a dinner here October 10. Previous award winners include Wendell Willkie, Gen. Dwight D. Eisenhower, Secretary of State George C. Marshall, Walter Lippman and Sumner Welles.

Moth eggs do not lie dormant during the cold months and hatch in the spring.

The jury said in its verdict that "The car driven by Thomas Alvin Neff was at fault. We declare that the accident was avoidable."

Gorman said after the inquest that no charges have been filed in the case and that he would consult District Attorney Horace Vought before further action in the mishap.

The State Highway and Texas Lunch kept up their winning pages in the Community Softball league Wednesday evening by scoring victories.

The roadmen rapped out 17 hits to take a 12-7 decision from the Grandview team in the second game on the high school field. Gorman, Altomere and Mackert each banged out three hits for the winners while Johnson connected for three for Grandview.

In the opener on the college field the Texas Lunch upset the Moose 6-2. Bartholomew held the Moose to seven hits while the lunchmen secured 10 off Leech. Bartholomew poled a triple and single for the winners and T. McKendrick secured a pair of safeties for the Moose.

The Recreation Center team coped the nightcap at college through a 6-4 triumph at the expense of the Lentz Legion.

The Inductive Equipment nine tripped the Stanton Legion 7-5 in the initial game at high school.

## Interstate League

(By The Associated Press)  
Don Robertson and Jim MacFaden pitched the Trenton Giants to a double win over the pace setting Wilmington Blue Rocks last night to put the Giants within one game of the Interstate league lead.

Robertson allowed only three scattered hits in the nine-inning nightcap as Wilmington was shut out 11-0. MacFaden went the distance in the seven-inning opener, permitting eight hits as Trenton won 5-2.

The third place York White Roses also gained on Wilmington by defeating the Hagerstown Owls 7-1 behind the six hit pitching of right-hander Chuck Federis.

The Harrisburg Senators chalked up their sixth straight win at the expense of the Sunbury Reds, winning 7-4 on the strength of a five-hit pitching performance of Rookie Herb Benzel.

## Races Scheduled On Friday, Sunday

Williams Grove, Pa., July 8—Third AAA midget auto races are scheduled for Friday at 8 p. m. on the Williams Grove Speedway, with a 50-lap AAA big car championship race slated for Sunday afternoon, both racing cards to feature large fields of outstanding drivers in the respective sports.

Tommy Merrikan, of Baltimore, current leading in AAA Small Car Point Standings in the east, was among the latest drivers to turn in an entry for Friday night's small car races. He joins a large field which also includes William "Shorty" Bowers of Hagerstown, and Al Shaeffer, of Columbus, Ohio, winners of the first and second midget races on the half-mile speedway.

## WILL SELECT U.S. TRACKMEN

(By TED SMITS)  
Evanston, Ill., July 8 (AP)—Selection of the American Olympic track team counted on to win ten firsts at London starts tomorrow at 6 p. m. EST, in Northwestern University's Dyche stadium and concludes Saturday afternoon.

There was increasing confidence on all hands. With one notable exception, the 200 athletes have come this far without serious injuries. Even Gil Dodds, best of the distance men who has a strained achilles tendon in his left leg, is rounding back into shape.

Next Monday the track squad of about 65 men will assemble in New York for "processing" before the S.S. American sails on Wednesday with most of the American team. The exact number in track depends on how many spares are carried to round out the sprint and 1,600 meter relay teams.

The 1948 American Olympic team looks for eight of its 10 first in the field events, and two in the hurdles. But there is a possibility one American may achieve a sprint victory which would make up for any losses over the longer flat races. He is Mel Patton of Southern California, slender and delicate. Whether his legs can stand the long series of Olympic trial heats is a big question.

## Mayor's Office To Be Probed Next

Philadelphia, July 8 (AP)—The committee of fifteen voted unanimously yesterday to investigate three more city offices, including that of Mayor Bernard Samuel. Besides the mayor's office, the others are the board of revision of taxes and the Civil Service Commission.

The committee, which merely announced it would investigate and said nothing further, is a body appointed by city council to further efficiency in the city government.

The committee has for some time been probing the affairs of all branches of the city government. Its reported findings in two depart-

# DODGERS TAKE 6TH STRAIGHT; A'S NIP YANKS

(By JOE REICHLER)  
Associated Press Sports Writer  
The unpredictable Brooklyn Dodgers were riding high today on the wings of a six-game winning streak — and threatening to catch the leaders before the month is out.

The latest Brooklyn victory march not only enhanced the Dodgers' chances to retain their National league championship, but may have halted, for the time being at least, rumors that Leo Durocher is on the way out as manager.

It is no secret that Durocher must make a good showing this year or quit. Meanwhile, the Dodgers find themselves in the best position they've been all season. Last night's 4-3 victory in 11 innings over the Boston Braves at Ebbets Field left them in fifth place, only a game behind the first division New York Giants.

They trail the pace-setting Braves by six and a half games, but are only four games behind in the important losing column.

Feller Victorious  
The Cleveland Indians maintained their slim 10-percentage point bulge on the Philadelphia Athletics in the American league race by trouncing the Chicago White Sox, 10-2. The A's also won their game, edging out the Yankees at New York, 4-3. Bob Feller hurled his ninth victory for the Tribe, pitching shutout ball after the first inning.

Bank Majeski, a Yankee castoff, was the big gun for the A's. The hard-hitting third baseman, walloped a home run and triple to drive in three runs against his former mates.

Tommy Byrne was the victim. Trailing 2-6, the Washington Senators suddenly came to life with a five-run rally in the top of the ninth to nip the Red Sox at Boston, 7-6.

Manager Joe McCarthy who started with Boo Ferris, used five pitchers in a frantic attempt to halt the Nats.

Hal Newhouse became the first Detroit pitcher to twirl a shutout this season when he blanked the St. Louis Browns, 6-0, for his 12th victory. He has lost six.

Pirates Moved Up  
Pittsburgh moved past St. Louis into second place in the National league by defeating the Cardinals, 2-1. The Pirates scored the tie-breaking run in the top of the ninth when Wally Westlake followed Ralph Kiner's double with a run-producing single. The Pirates, who boast a half length lead over the Cards, now trail the Braves by 2 1/2 games.

Larry Jansen limited the Philadelphia Phillies to two hits in pitching the New York Giants to a 7-0 triumph. He had a no-hitter until Richie Ashburn scratched an infield hit in the seventh. Johnny Mize collected four hits off Curt Simmons.

Hopping off to a 5-0 lead in the first inning, the Reds went on to gain an easy 10-3 victory over the Cubs in Chicago. It was the only game played in the majors in daylight.

## Sports Roundup

(By HUGH FULLEBTON, JR.)  
Princeton, N. J., July 8 (AP)—Princeton and Yale oarsmen were involved in a slight mixup in the Olympic tryouts yesterday — the result of someone straying off the course with a few miles of lake available to row in. The referees called a halt after the two shells nearly collided, and ordered a fresh start.

Football Coach Caldwell turned up on the press tent during the proceedings and someone asked him how he'd like a football official who called things off because of blocking on a long run. Caldwell immediately recalled the national college track championship the other day. "Someone should have done that in the NCAA 800 meters," he suggested. "Ronald Wittich almost had his shoes torn off on the first turn, but he had to run."

Standing of 28 clubs in the Brooklyn organization, including "them Bums," show that as of July 5, 10 of them were leading their leagues and only four were lower than the Dodgers' sixth-place rating. Incidentally the rise of the Pueblo Dodgers in the western league can be attributed largely to the hitting streak Bob Wakefield started as soon as he joined the club from the U. of Illinois. . . . the Hambletonian prize race for three-year old trotters, should be worth more than \$90,000 this year. . . . although there have been vigorous denials from the Brooklyn organization, we keep hearing that the real trouble is that the guys who found they could win pennants under Burt Shotton's gentle handling are inclined to resent Leo Durocher's rough and tumble methods.

## CLEANING THE CUFF

Herb Barten, the Michigan lad who has qualified for the 800 and 1,500 meters in the Olympic trials, can't decide which event to tackle. . . . those of receiver of taxes and director of supplies and purchases—led to a grand jury probe.

## LINEUPS READY FOR ALL-STAR GAME TUESDAY

Chicago, July 8 (AP)—The sides were chosen for the major league's 15th All-Star game at St. Louis Tuesday with the completion today of the dominating American league's full squad.

The hot-shots from the junior circuit, 2-1 winners at Wrigley field in Chicago last year, will be slugging for their 11th decision over the National leaguers.

Manager Bucky Harris rounded out his 25-player American roster by nominating eight pitchers and nine replacements for the starters named at the other eight positions in a nation-wide poll of fans.

The National league's squad was marshalled to full battle size yesterday by Manager Leo Durocher, who elected only six pitchers — two under par for the All-Star course.

Brooklyn Lippy took up the slack by picking four third basemen instead of the customary pair.

## Sport Shorts

Philadelphia, July 8 (AP)—The man who twice dethroned Beau Jack as lightweight champion and then lost his share of the crown to Ike Williams believes there will be a new 135-pound champion after Monday night. Williams defends his title that night against Beau Jack at Shibe park.

Bob Montgomery, who retired after losing to Williams nearly a year ago, is the ex-champion who climbed on the Beau Jack band wagon.

"Beau Jack has too much moxie for Ike," said Montgomery after watching the former Atlanta boot-black workout. "He hits too often and keeps pressing all the time. I wouldn't be surprised to see Beau Jack win by a knockout."

Utica, N. Y., July 8 (AP)—Lee Sala, 159, of Donora, Pa., continued his undefeated professional boxing record last night by scoring a third-round knockout of Danny Rosati, 157 1/2, of Newark, N. J.

After the fight, scheduled to go 10 rounds, Joseph Argon, inspector of the New York State Athletic Commission, announced that Rosati's purse had been ordered held up because he considered the fighter's performance unsatisfactory.

Columbus, O., July 8 (AP)—Minor league baseball fans will be asked Sunday to make up a \$90,000 deficit in U. S. Olympic team funds.

George M. Trautman, president of the National Association of Professional Baseball Leagues (the minors), suggested yesterday that Sunday be designated "Olympic Day" at every minor league game and the fans "be given an opportunity to make voluntary contributions to the Olympic fund."

Members were invited to attend the 10th annual Pennsylvania fire school to be held at Lewistown from August 2 to 6 inclusive. Bills ordered paid amounted to \$219.17. Receipts were \$8.

A chartered bus will leave the fire house at 10 a. m. on July 13 to take firemen to the Washington-Cleveland baseball game in Washington.

President Arnold appointed a new social committee for the next three months, consisting of Robert E. Koonitz, Charles Randall and C. O. Sentz. The retiring social committee consisting of Robert Myers, Harold Krichen and Wilbur Snyder, served a buffet luncheon which was provided by the Jones-Littlestown Clothing company.

"Independence Day" was the theme of the devotion at the monthly meeting of the Ladies' Aid society of Redeemer's Reformed church which was held Tuesday evening in the social hall, in charge of Mrs. Frank E. Reynolds. Mrs. Reynolds read Psalm 2 as the Scripture lesson and after the prayer, she read a patriotic poem, "Convention Hall." Mrs. H. M. Badders read Sam Walter Foss's poem, "The House by the Side of the Road."

The group engaged in a discussion on the contemplated merger of the Evangelical and Reformed church with the Congregational Christian churches. The devotion closed with the Lord's Prayer in unison.

Mrs. Leon Gage, president, conducted the business session which followed. It was reported that \$15 had been cleared on the ham sandwich sale conducted several weeks ago. The consistory presented \$13 to the society from the proceeds of the recent Mother-Daughter banquet.

The society discussed the serving of meals at the Hoffman Orphanage anniversary August 26. The following food committee was appointed: Mrs. Charles Hofe, Mrs. John LeGore and Mrs. Frank E. Reynolds. The hostess, Mrs. Harry M. Badders served refreshments. Mrs. Charles Hofe contributed the guest package which was received by Mrs. Hamilton Walker. The next meeting will be held in the social hall of the church on Tuesday, August 3, when Mrs. Granville Jacoby and Mrs. Maurice Parr will be the hostesses.

Miss Rebecca Martin, nurse at the Garfield Memorial hospital, Washington, spent the week-end with her parents, Mr. and Mrs. Clinton Martin, near town.

## UPHOLD VERDICT IN MURDER CASE

INSULATION CAN  
REDUCE HEATING  
COSTS 30 PCT.

Before ordering the installation of a new heating plant, the home owner should discuss with heating contractors the possible savings if the house is properly insulated. It was urged today by the Construction Research Bureau of New York, clearing house for building information.

Size and resulting cost of furnace and radiators or warm air ducts, no matter what fuel is used, are directly affected by the absence or presence of insulation and by the thickness of the insulating material, a spokesman for the Bureau said.

**Large Savings Possible**  
In some cases savings amount to as much as 30 per cent if a house is insulated full-thick with mineral wool in walls and ceiling and is equipped with storm sash and weatherstripping, according to studies made by the Institute of Technology of the University of Minnesota.

The studies showed dollars-and-cents savings of \$147 to \$339, depending on the size of the house and type of fuel used.

**Specific Examples**  
A hand-fired coal plant for a hot water system in a four-room frame bungalow cost \$583 without insulation. With 3 1/2 inches of mineral wool in walls and four inches of the material in the roof area, cost of the heating system was figured at \$436, or \$147 less. The same saving of \$147 was shown for an oil-fired plant, and savings amounted to \$174 on a gas installation.

In a two-story, six-room frame house the cost of a hot-water oil-fired plant was figured at \$926 without insulation. This dropped \$263 to \$663 with full-thick mineral wool in walls and above the top floor ceiling. This was a 28 per cent saving in cost. For the same house, an oil-fired plant cost \$1,126 without insulation, but \$863 when proper heat barriers were provided. A 23.3 per cent saving, or \$339 was effected in the cost of a gas-fired plant by insulating.

**TWO OFFICERS**  
(Continued from Page 1)  
Grounds Thursday, July 29, Rowe Martin announced.

A letter to be sent to all directors urging them and their families to attend the picnic was prepared. In the latter the county board urged all directors to notify the county office prior to July 21 of how many will be in their party and whether they will bring their own lunch, or will wish a meal served them. Because the group preparing the meal will have no opportunity to dispose of any surplus, they must know exactly how many are planning to attend, the board pointed out.

The county board voted \$10 to the ladies' and children's committees for the directors' picnic to cover expenses for prizes and other expenses that might occur.

The county board also discussed briefly ways in which some teachers could be made to see that they have an added responsibility to do a better job since they have been granted pay increases. The best teachers in the county are working constantly to do a better job, board members pointed out, stating that "those who attend the workshops and take additional courses during the summer seem to be only those who already are our best teachers."

Three Countians  
Enlist In Army

Among Adams county men who have enlisted recently in the Army or air force, as announced by the Army recruiting station at Hanover, are the following:

**Earl W. Sanders, 133 Fourth** street, who enlisted under the trade school program for high school graduates in automobile mechanics' school at Fort Eustis, Va.

**Richard L. Musselman, Fairfield**, enlisted for three years in the air force.

**Harold C. Hollinger, 106 Lumber** street, Littlestown, re-enlisted for three years in the air force.

The recruiting office in Hanover reports that many of this year's graduates from high schools in this area have availed themselves of the opportunity to apply for a trade school of their choice in either the Air Force or the Army. Applications are still being accepted at the Gettysburg postoffice on Wednesdays from 10 a. m. to 3 p. m. and on Fridays from 10 a. m. to 12 noon. Applicants may choose from over 60 trade schools in the Army and 40 in the Air Force.

Trucker Arrested  
On Old Complaint

Joseph Jones, 25, Shamokin, Pa., coal trucker, is scheduled for a hearing Friday afternoon before Justice of the Peace John H. Baschore on a charge of obtaining money under false pretense, in a case that dates back nearly three years.

Jones is charged with delivering a load of coal on December 1, 1945, to Samuel Humrick, Gardner R. D., representing that it weighed 14,900 pounds. The complaint alleges that after the coal was re-weighed under the direction of Edward W. Wright, county sealer of weights and measures, its weight was only 7,900 pounds. Jones was paid, it is charged, with twice this weight.

Jones was arrested in Shamokin on a warrant forwarded from Adams county, and furnished \$390 bail for his appearance here before Justice of the Peace Harris P. Renninger, Shamokin.

The dramatic consultant is preparing a special program to be given Saturday. The program will begin at 1:30 p. m. Two features will be a skit concerning the Brownie story and a dramatization of Juliette Low, founder of Girl Scouting. All parents and friends of the girls are invited to attend.

Another activity being offered at this camp is swimming. Mr. and Mrs. Crouse have given the use of their private pool. Swimming is under the direction of the Red Cross.

Each unit is planning to cook one complete meal on Friday and Saturday.

Girl, 3, Fatally  
Mauled By Bear

Sault Ste. Marie, Mich., July 8 (AP)

A black bear lumbered out of Michigan's north woods yesterday carried off the little daughter of a forest ranger and left her mangled body beside a forest stream.

Minutes after the body of three-year-old Carol Ann Pomrankey was found a quarter-mile from her parents' isolated cabin, an angered posse shot and killed the animal.

The searching party had been frantically called by Carol Ann's mother, 28-year-old Mrs. Arthur Pomrankey, who saw the bear carry off her daughter. Another child, six-year-old Allen, was playing in the cellar.

The scene of the strange tragedy was the Pomrankeys' lonely cabin at the Mission Hill fire tower in the Marquette national forest, 30 miles northwest of here. Pomrankey is a towerman at Mission Hill.

Infantile Paralysis  
Epidemics In South

Raleigh, N. C., July 8 (AP)

Infantile paralysis edged relentlessly today toward its record severity of 1944 in North Carolina.

Four of the state's 100 counties were regarded as epidemic areas as the number of cases for this year reached 406 yesterday, the worst on record for this time of year.

Thirty-seven cases were reported yesterday but this high figure was attributed to a three-day backlog of reports caused by health departments closing over the Fourth of July week-end.

No quarantines have been imposed on swimming pools and theatres, as was the case back in 1944, when a record 878 cases were reported. Parents have been cautioned, however, to keep children away from crowds. The greatest severity of outbreaks has been noted in the populous central portion of the state.

**Will's Hospitality Isn't "Cracked"!**  
Ever since January, Will Dudley planned to give his living room that "new look"—planned to carefully refinish the woodwork and replaster the walls.  
Every time Will got out the putty to start filling in the cracks, a neighbor stopped by to pass the time of day—and first thing you know, there was a group of us helping Will do the job up right. After Will called a halt to the evening's work, we'd sit around the fire enjoying a friendly argument and a sparkling glass of mellow beer.  
So Will's living room doesn't look like it did a year ago—but it's by far the most "livable" living room I know: A place you can always drop in for good talk, good beer, and a warm welcome.  
From where I sit, so long as Will puts that atmosphere of hospitality and good fellowship ahead of everything else, we'll all be happy to help Will change the looks of his living room any time he wants.

# MEYERS NAMED IN PROBE OF RAIL GOUGING

Washington, July 8 (AP)—Bennett E. Meyers, the retired two-star general sent to prison by one Congressional quiz session, is due for another.

This one deals with charges of a multi-million-dollar "gouge" of the government through World War II freight bills.

Chairman Bender (R-Ohio) of a House Expenditures Subcommittee investigating the freight rate matter told a reporter today he will subpoena Meyers from his Chillicothe, Ohio, jail cell before the summer is out.

Meyers was sentenced to from 20

months to five years in prison last winter after his conviction on charges of inducing a former business associate to lie to senators inquiring into his handling of war contracts. The general became deputy purchasing officer for the Army Air Forces after a tour of duty at Patterson Field.

His name entered the current hearings in testimony by Thomas F. Proctor, a former justice department official now employed by the postoffice department.

"Interesting Revelations"

Referring to the period just ahead of that covered by the Senate War Investigating Committee in its hearings last summer, Proctor told the Bender group yesterday:

"As long as General Benny Meyers was running the Air Forces material command at Patterson Field, the Army Transportation Corps and the Air Forces traffic people in Washington were relegated to a position

# MAN HELD FOR THREATS ON FIVE

Quincy, Mass., July 8 (AP)—A 23-year-old man who police said lined five members of his family against a wall and threatened to shoot them was held today on a charge of assault with a dangerous weapon with intent to kill.

Frank P. Sorgenti was booked last night after two patrolmen reported they pounced on him while he had his parents, two sisters and a brother backed against the wall of their home at the point of a gun.

Patrolmen Edward Kusser and Arthur Duffy said they were summoned by neighbors who reported the young man "was threatening to kill his family."

The officers said the five were still

of secondary importance in traffic matters.

"This committee could very well direct itself to an investigation into the so-called service contracts which General Meyers negotiated with the oil companies on aviation gasoline during the war."

Proctor did not elaborate, but he told the committee:

"I can assure you the revelations would be most interesting and pertinent to the current inquiry."

Proctor served as a civilian specialist in the Army Transportation Corps from 1943 to 1944.

# Storm Damages County Property

For the second time in less than a week, severe winds did considerable damage to trees at "Domo Vista," the home of Mr. and Mrs. Augustine J. Tierney, East Berlin. The later misfortune was a result of the wind, hail and thunderstorm of Tuesday afternoon. Branches were broken from nearly every tree near the house and a large limb from a tall maple in front of the house was hurled across the roof to a newly erected arbor at the rear. Slate was thrown from the roof and a portion of the cornice of the 114-year-old house ripped away.

A metal incinerator was blown into an adjoining field and two old willows at the entrance of the prop-

erty were snapped off near the base. No one was injured. Two members of the family and two guests were at home at the time. Windows were not broken, although the gale tossed porch benches onto the lawn.

The under-water shelf around the United States is believed to hold large deposits of oil. Oil wells have already been tapped in the tidelands of California and, more recently,

in deep water off Louisiana in the Gulf of Mexico.

**Enlists in Army:** Charles W. Hellman, York street, has enlisted in the coast artillery for service in Panama. He enlisted at the recruiting station at York on Friday.

**300 Catholic Laymen Attend Retreat** at Mt. St. Mary's: Three hundred prominent churchmen were in attendance at the annual week-end retreat for Catholic laymen of the Harrisburg diocese, which is held at Mount Saint Mary's college, Emmitsburg, beginning Friday and continuing until Monday morning, July 9.

The following from Gettysburg are among those attending the retreat: Edward Farrell, Peter C. Stock, George Eberhart, Edward Swisher, Michael J. F. Flinn, George Hemler and Edgar P. Hamilton.

**Blame Children for Fire which Destroyed Sheds:** The estimated loss in the fire which destroyed three sheds and a barn at the rear of West Middle street Saturday afternoon, has been placed by Joseph Galbraith and Thad. Warren, owners of the properties, at \$1,500 to \$1,750.

The origin of the blaze has been traced to children playing in the shed behind the home of Thomas Tawney, according to reports of neighbors.

**Wheat Harvest Begun in County:** Adams county farmers have begun to cut wheat, and before the end of the week most of this crop will be harvested. Oats is already beginning to turn yellow and is expected to be ready for reaping within a week or ten days.

**Aurora Borealis Gives Pyrotechnic Display Saturday:** The northern lights put on a beautiful display of pyrotechnics Saturday evening for the benefit of those who were in a position to witness their striking and beautiful effect.

By 11 o'clock the aspect of the display changed, the light appearing in a great mass overhead, changing rapidly in shape as it changed in color from a greenish tint to a faint pink, then to red and back again to green.

**Rufus H. Bushman and Miss Storer Wed:** Rufus H. Bushman, president of the Gettysburg Battlefield Guides' association, and Miss Lillie Storer, West High street, were married at noon Thursday at Milton, according to announcement made upon their return from a wedding trip Saturday evening.

The ceremony was performed by the Rev. Mr. Reimensnyder, pastor of the Lutheran church, at the parsonage.

The couple are residing at Mr. Bushman's home on Steinwehr avenue.

## Today's Talk

LETTER TO A MOTHER

Dear Mother:

Your Freddie still lives! He lives in your heart, and in the heart of all, for whose continual freedom he so courageously fought, and willingly offered up his life. He has made even more sacred the very soil where he sleeps. Do not grieve, dear Mother. Have no regrets. Of such as he is the Kingdom of Heaven. He gladly and joyously fulfilled his mission, embodied in that phrase "greater love hath no man." Be comforted by this.

"After all," wrote the beloved Michael Fairless, "what do we ask of life, here or indeed hereafter, but leave to serve, to live, to commune with our fellowmen and with ourselves; and from the lap of earth to look up into the face of God?" You say that your Freddie planted your flowers and evergreens, and was so proud of them, and loved them. I am sure that he still loves them with you, under the same stars that have inspired millions.

You once warmed Freddie under your heart. Now God warms you both as the same stars shine, that your boy once so much loved, as his plane soared into the night.

Freddie still alive? Indeed yes — alive in the laughter of children that still enjoy the freedom for which he gave his life. And still alive in the hope of children now enslaved all over this unhappy world. Grief is God's medicine, bought and paid for, by such as that boy Freddie of yours. But it's medicine that both heals and cures — bringing spiritual health and happiness, alleviating loneliness.

Bear in mind, Mother, that thousands of other mothers had their Freddie, too. A golden bond unites you all. Cling to that faith of yours, that will never leave you, if you lean upon it, and may the hovering arms of our Heavenly Father support and sustain you, even far beyond the hills. And thank you, Mother, for the letter that you have written to me which has strengthened my faith and increased my courage.

Sincerely,

George Matthew Adams  
Tomorrow Mr. Adams will talk on the subject: "Mere Money."

TOURIST FISHERMEN

The native sees us come and go,  
Then laughs at us behind our backs.

So little of the art we know.  
His skill the richest of us lacks.  
Although he's glad to take his fee,  
"Just tourist fishermen!" says he.

Just city folks with pocketbooks,  
With costly rods and fancy reels  
And all the various lures and hooks,  
Of which his scorn he well conceals.

"Just tourist fishermen" who wish  
To catch the season's biggest fish.

The native knows the lakes and streams  
And where the bass and muskies hide.  
Throughout the summertime he seems  
Content to be some rich man's guide.

But, this is known to all his clan:  
Money can't make a fisherman.

## News of Emmitsburg

### VFW POST GETS BRONZE PLAQUE FOR "SERVICE"

The Emmitsburg Memorial post of the Veterans of Foreign Wars Wednesday evening was presented with a plaque "for patriotic and community service."

The award was made by the national headquarters of the VFW. The Emmitsburg post was one of three posts in Maryland to be so honored. Emmitsburg was selected for the plaque due to its purchase of an ambulance for the community during the past year and because of the post's other activities for the welfare of its community.

Collections from residents of Emmitsburg toward a fund for maintenance of the ambulance so far total \$220. Adjutant Lumen Norris reported at the meeting. Money placed in containers located in various stores in the community totaled \$96 and \$124 was donated directly in checks and cash, the report disclosed. The containers have been removed from the stores, it was announced, but the fund was permitted to remain open in case any additional residents of the town wish to send checks or cash.

**Carnival Nets \$707**  
While the post paid for the ambulance outright, there are continuing expenses of maintenance for the vehicle, it was pointed out. Use of the ambulance is provided free of charge for all who need it.

The work of Dr. George Green, chairman of the carnival committee, and the work of his committee, was praised by the members when the committee was discharged with the thanks of the post. The net profit from the carnival was \$707, reports at the meeting disclosed. Members of the post manned ticket offices and the like for the carnival while others performed other duties in connection with the affair. Members of the auxiliary took part in the food stand at the fair.

Plans for a crab feed on August 12 were announced with the committee in charge to be named later. **Form Softball Team**

The post agreed to send the ambulance and color guard to Walk-

ersville next Friday evening to take part in a firemen's program there.

Organization of a softball team was announced, with the VFW scheduled to meet the American Legion in the opening game Tuesday evening at 7 o'clock. So far only the Legion and VFW have begun preparations for softball teams, but members of the post expressed the hope that the Lions and other organizations may set up teams in order to form an Emmitsburg softball league.

Commander Vernon Keilholtz presided at the session with 50 members present.

### Admits Setting Fire To Collect Insurance

Lancaster, Pa., July 8 (AP) — Cary George Anderson, 45, will be given a hearing next Wednesday before Alderman J. Edward Wetzel on a charge of arson.

Anderson, of nearby Eden, was arrested by state police yesterday on the arson charge growing out of a fire at a restaurant he operated. Cpl. J. J. Haggerty, state police criminal investigator, said Anderson admitted in a signed statement setting fire to the two-story frame structure July 1 to collect \$12,500 insurance.

# OLD BATTLESHIP NEW YORK SUNK IN NAVY TESTS

By LIEF ERICKSON

Aboard U. S. Carrier Boxer, July 8 (AP)—The once tough old battleship New York—survivor of two wars and two atomic bomb tests—sank finally with just a "slight push" from small bombs and shells.

Navy task force officers expressed regret that she didn't survive an experimental attack long enough for them to test their weird bat bombs.

The exercises, 40 miles southwest of Pearl Harbor yesterday, cost the life of a marine fighter pilot. He shot into the sea off the boxer's stern nearly two hours after the sinking.

**Sank After Eight Hours**  
The 30,000-ton onetime grand dame of the United States fleet—survivor of two wars and two Bikini atomic blasts—went down at 2:30 p. m. after eight hours of air attack and light shelling.

Rear Adm. Marshall R. Greer, task force commander, explained: "When you get somebody off balance, you don't have to push very hard."

The exercises began with Oahu-based navy and marine planes plastering the New York with 100-pound bombs, followed by light fire from surface vessels. Then, planes from the carriers Boxer and Princeton hit her with 500-pound bombs and the carriers whammed her with five-inch shells.

**Fought at Okinawa**  
The rusty ship, dead in the water, rolled over on her port side. Her bottom awash she wallowed like a giant whale. The navy's composite night attack group of planes, based on Barber's Point, Oahu, applied the coup de grace with at least six solid bomb hits on her keel.

Her stern rose about 30 degrees and she slid beneath the waves, bow first. The water at that point is 15,000 feet deep.  
It was a sad end for the ship that threw 5,000,000 pounds of shells against the Japanese at Okinawa in a 76-day sustained attack.

# CZECH CABINET TO PROBE SOKOL

Prague, Czechoslovakia, July 8 (AP)—The Czechoslovak government will investigate a Sokol Congress that evidenced public enthusiasm for

former President Eduard Benes and apathy for his Communist successor, Klement Gottwald.

Paraders at the Slet, or Congress of the Cultural and Athletic Sokol society, Tuesday cheered for Benes and passed Gottwald in silence.

The Prague radio said yesterday ministers had been ordered to report on "results of the Slet" at the next meeting of the Communist-led cabinet.

"The question of future participation of foreign delegations in the Slet will be studied," the broadcast said.

Yugoslav, Russian, Polish, Rumanian and Bulgarian groups marched in Tuesday's parade, which also produced cheers for Premier Marshal Tito of Yugoslavia, lately criticized by the communists. American Czechs waved the stars and stripes.

Another government move signaled the start of a purge of Czechoslovakia's army. The army's education director, Gen. J. Prochazka, wrote in the Communist newspaper Rude Pravo that political instruction was beginning in the military establishment.

Rowe. Two new members were added to the society, Mrs. Herbert Neighbors and Miss Charlotte Miller.

# Pres. Truman's Aides Count Eisenhower Out Of Race After New Assurances

## FRIENDS SAY IKE LEFT NO WAY TO DRAFT

By JACK BELL

Philadelphia, July 8 (AP)—President Truman's aides counted General Dwight D. Eisenhower definitely and finally out of the Democratic Presidential race today.

They did this, a Truman spokesman told a reporter, after receiving private assurances from two close personal friends of the general.

The word they took to the White House was that Eisenhower himself believes he left no loophole for a draft movement in his statement that he couldn't take any party's nomination.

### "All I Have To Say"

The wartime European commander gave some public support to this view when he told a crowd of 5,000 gathered before his New York City home last night to chant "we want Ike" that "all I have to say I said in a letter the other night."

Democratic Chairman J. Howard McGrath put the "definite and final" label on Eisenhower's draft renunciation at a news conference here yesterday, adding: "I couldn't conceive that the Democratic convention would exercise such poor judgment as not to take General Eisenhower as his word."

There was evidence, however, that some Democrats were, and some weren't.

### Thinks He'd Accept

James Roosevelt, traveling toward Philadelphia with the weighty 52-vote California delegation, said at Salt Lake City he thinks Eisenhower still would accept the nomination if the convention opening Monday demonstrates that the party is unitedly behind the general.

"I can't help but think that when General Eisenhower, understanding the national and international crises, knows that the party and the nation are for him, he will allow the convention to place him in the White House," the son of the late President said.

Mr. Truman's aides said some suggestions had been made that Roosevelt be named as the Vice Presidential candidate in a compromise move. They added they had rejected this proposal.

### Word from South

Out of the deep south, with its rebellion against Mr. Truman's civil rights program, came word from Senator Lister Hill of Alabama that he is not giving up on Eisenhower. Alabama, first on the roll call list, could make it possible for Eisenhower's name to be the first offered to the convention.

Out of all this Truman-Eisenhower talk came a new voice to urge a compromise on Justice William O. Douglas of the U. S. Supreme Court.

Walter P. Reuther, president of the CIO-United Automobile Workers, said his union looks on Douglas as "a man whose universal appeal can unite the Democratic party and the independent vote."

### May Be Sideshow

This week's big show, carded for Saturday, already showed signs of slump. On that day Roosevelt and other Democratic leaders have called a meeting to pick a substitute for Mr. Truman as top man on the ticket. But the President's aides said some of those who were invited already have been calling long distance to say they will have other business to attend to at that time.

As a sideshow, civil rights advocates promised some fireworks in platform committee hearings today.

Senator Francis J. Myers of Pennsylvania, head of the platform group, told reporters Mr. Truman will have a look at the party document before it goes to the convention.

## Littlestown

Littlestown — George Humbert, North Queen street, has returned from a visit of several days to Middleburg, Maryland.

The Misses Marion Bankert, Shirley M. Spangler and Mary Kay Crouse, Mr. and Mrs. Richard Hartlaub, Albert Bair, Robert Scholl and Robert DeGroff, of town, were in Washington on Tuesday evening, where they saw the night baseball game between Washington and Philadelphia.

Mrs. Paul Scheivert, near town, was hostess to the monthly meeting of the Mite society of St. Paul's Lutheran church on Tuesday evening. Mrs. Emma Norwood, president.

## What To Do For That Sluggish, Down-and-Out Feeling

Remember the time when you could eat like a horse, bubbled-over with energy, felt happy as a lark? Was it not because you liked to eat—didn't know what indigestion was, felt strong as an ox? As age advances the "old stomach" and the "ever-changing blood" need help. Now you may again release vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease. To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is uniquely effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula, which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

## PUBLIC SALE VALUABLE FRUIT AND GENERAL FARM

## Youth Takes Life After Minor Crash

Philadelphia, July 8 (AP)— Benjamin F. Sawin, Jr., 14, son of a prominent Philadelphia banker, was found shot to death yesterday shortly after a car he was driving was involved in a minor highway crash, Patrolman Charles F. Gervin said.

He was the son of the vice president of the Provident Trust Co. and former vice president of the National City Bank of Cleveland.

Gervin said the youth apparently sent a bullet through his right temple in the den of his parent's apartment in suburban Merion while his mother waited outside with the officer who had brought him home "to get his driver's license."

Young Sawin, a sophomore at the main line Haverford school, was operating an automobile owned by his mother when it was involved in a collision with another machine about noon in Narberth, Gervin said.

### SAYS NEW DRAFT MEANS US WON'T BE CAUGHT AGAIN

Pittsburgh, July 8 (AP)—Sen. Edward Martin (R-Pa.) declared last night that the new draft law will serve "notice to the whole world that America has determined never again to be caught like a sitting duck."

Addressing the annual state convention of the Veterans of Foreign Wars, Martin asserted: "As a soldier I regard preparation as one of the best guarantees toward maintaining the peace."

Another vital step in keeping America strong is unity, said Martin.

Hear National Commander "We must meet head-on the issue of those who stir up hatreds and who seek to divide us into Grade A and Grade B Americans," declared the senator. "The Nazis could not beat us. The Communists cannot beat us. But if we fail to close ranks and maintain unity, we shall beat ourselves."

National VFW Commander Ray H. Brannaman said that although the first objective of the organization is peace, he believes this country should "have an air corps second to none, strong reserves and universal military training."

"It is up to us to be the chief power and we must pay the price," said Brannaman. "If we don't pay now, we'll pay later."

He declared Congress had failed to pass adequate housing legislation and said this was "a crime and a disgrace." He predicted that "those congressmen who opposed it will not be returned."

**ELECT OFFICERS SUNDAY**

Election of officers will be held at a meeting of the Southern Regional Union of Holy Name Societies to be held at Dallastown Sunday afternoon at 2:30 o'clock. The union includes Holy Name societies in Gettysburg, Buchanan Valley, New Oxford, Abington, Littlestown, McSherrytown and Conewago Chapel.

### 350,000 HAVE TELEVISION IN NATION TODAY

By JAMES MARLOW

Washington, July 8 (AP)—Here's an ABC on television, which is getting a big boost because of the political conventions.

During the war there were only six television stations operating in this country. And they were experimental, not commercial.

Now about 30 are operating from Los Angeles to New England.

Another 100 have been okayed by the Federal Communications Commission (FCC) to start in business.

And an additional 300 have asked the FCC for licenses.

Television got off to a kind of stumbling start right after the war for several reasons. This is one of them:

Manufacturers of television receiving sets were a little nervous about making them until a number of television stations were operating.

And the people who wanted to set up television broadcasting stations were a little nervous about starting till enough people had receiving sets.

This problem has been ironed out. 350,000 sets sold.

As of now perhaps 350,000 television receiving sets have been sold. They range in price from \$169 to \$2,500, not counting the cost of installing them.

There are four television broadcasting networks but most of their network operations are being done up and down the heavily-populated part of the Atlantic coast.

There is no trans-continental network and won't be for some time. This will explain the problem of getting a coast-to-coast network going.

There are three ways of sending television broadcasts:

1. Direct television. This is where a station broadcasts a television show but can only do so in its own local area. So it doesn't travel far.

2. Piping television through a special conductor in a cable from a station in one city to a station in another. Then the receiving station

### 700,000 JOIN STRIKE IN ITALY

By PHILIP CLARKE

Rome, July 8 (AP)—About 700,000 metal-industry workers laid down their tools at noon today to back Italian labor's demands for more pay.

Their half-day strike was the latest in a series planned by the Communist-dominated General Confederation of Labor (CGIL). The strikes aim to force industry to give skilled workers wage rises proportionate to those already won for unskilled. Today's walkout came a few hours after police riot squads hurled tear gas bombs while coping with labor unrest in Milan.

Tomorrow employees of the glass, ceramic and saccharine industries will have their turn to strike. Officials of the CGIL, which claims 6,000,000 members, say the individual strikes will involve at least 3,000,000 workers. They announced today that if these strikes fail to bring results, organized labor will be called out next week in a nationwide strike.

The CGIL executive committee said it would meet next week to "examine the eventuality of a general agitation of a national character."

The agitation will begin, the committee added, if such a step is made "necessary by the persistent stubbornness of industrial owners." The massive CGIL has demanded wage boosts up to 49 per cent, an end to layoffs of industrial workers and improved pensions and working conditions.

re-broadcasts the show but only locally.

This is called the co-axial method, so named because the cable through which the television conductor runs is called a co-axial cable.

3. Micro-wave broadcasting. Television waves, sent through the air, are picked up and relayed by a series of special relay stations.

These are really pumping stations, probably 30 miles apart, which push the micro-waves from one to the other till they reach a regular television broadcasting station which then sends the show out in its own area.

Co-axial cables for television are being laid across the country now. And pumping stations are being built in certain areas.

But it will be some years—probably at least two—before there is any coast-to-coast broadcast of a television show.

### Eastern League

(By The Associated Press)

When Southpaw Dick Rozek wins a game he does it but good.

The Cleveland Indians farmhand, who has lost 12 times this season, worked out a no-hitter last night, the second one in the 1948 Eastern League. It was a 2-1 win for the Wilkes-Barre Barons over the Elmira Pioneers.

A throw that sent the Pioneers Chief Jailer Masao Koshikawa, and guards Hatsuaki Kambe, Koji Kamimoto and Matsushita Okubo.

While all the American prisoners perished in the fire, none of the 500 Japanese military and political prisoners lost their lives.

Robert Riga to a hospital with a skull fracture kept Rozek from a shutout. Riga, who later was reported in good condition, was struck on the left temple when Catcher Dick Kinaman stopped him short of second base in a third-inning steal. Elmira's Bachman meanwhile stole som, for the Pioneers' only run.

Elsewhere in the circuit, Hartford took two games from Binghamton, 10-4 and 5-3; Scranton downed Williamsport, 5-3, and the Utica Blue Sox asserted themselves as league leaders in a 6-2 win over the Albany Senators.

Beginner's pluck accounts for most beginner's luck.

# CZECH DESIRE FOR FREEDOM IN EVIDENCE

**By DEWITT MACKENZIE**  
(AP Foreign Affairs Analyst)

The totalitarian Communist regime in Moscow finally is encouraging in an impressive way the ge-old truth that you can suppress freedom by force but you can't suppress the desire for freedom.

The desire for liberty which currently is manifesting itself among the Russian satellite states of eastern Europe is merely history repeating itself in a new setting, just as it has done time and again through the centuries.

There is no country in which the eye of freedom runs more strongly than in Czechoslovakia. And there could be no more striking demonstration of this than was given quietly but daringly during the parade of 80,000 people through the ancient city of Prague in connection with the Sokol congress.

No Salute For Gottwald

The marchers cheered for former President Benes, who was their leader before Bolshevism took over, but they had no salute for his Communist successor, Klement Gottwald. Many tiny American flags appeared among the paraders, and drew applause.

The Sokol long has stood as a symbol of independence in eastern Europe. It is a cultural and physical training organization with units in numerous countries. Periodically there are congress meets, such as just held in Prague, at which as many as 12,000 gymnasts appear on a field at one time and give amazing demonstrations of athletic prowess in absolute unison.

Having attended a Sokol in Prague myself, I venture to say that few could come away from one of these exhibitions without a feeling of having communed with the spirit of liberty. That is the spirit which now is showing itself not only in Czechoslovakia but in Finland, Yugoslavia and other shackled states.

The Desire For Freedom

Probably this development is no surprise to the Red regime. How could it be in view of the fact that the Russians themselves revolted time and again against the serfdom imposed by a totalitarian czarist rule? Still, it remains a curious trait of human nature that the Communist

## CHANGE METHOD ON STEEL PRICES

Pittsburgh, July 8 (AP)—The U. S. Steel Corporation announced last night its customers "in the near future" will have to pay a set mill or shipping point price for steel products, plus freight charges.

The company said this would entail abandonment of the so-called basing point method of selling steel products under which prices have been quoted to some users from a nearby "basing point" although the material actually was shipped from a distant point.

A change in pricing methods by the steel industry had been expected since the U. S. Supreme Court recently held that a basing point delivered price plan employed by the

## Cumberland Track To Open July 20

Cumberland, Md., July 8—Comedy Player, owned by J. E. Crider of Chambersburg, Pa., and winner of the Harry A. Manley Memorial here in 1945, is returning for a try at the same event, as well as the Clifton W. White Handicap, top features of the Cumberland Fair association's racing—July 20 to July 24, and July 27 to July 31, inclusive.

Others slated to carry Crider's shipping points will enjoy lower prices than at present.

# GRAND OPENING

## The Good People of GETTYSBURG and ADAMS CO.

have helped us in the past 18 years to grow from a small grocery store into a LARGE FOOD MARKET, worthy of this prosperous, progressive community.

We are deeply grateful to all our customers, whom we are proud to call our friends, and are anxious to show them our appreciation — not just with words but with deeds.

In these days of senseless price rises we are going to do everything we can to teach the dollar to have more sense. We have searched the markets for products whose manufacturers are willing to cooperate with us in giving our customers
